

DID YOU KNOW?

How to use Sticky Notes in Windows

Think of 'Sticky Notes' as a digital version of 'Post-It Notes' that you can "stick" onto your Windows Desktop

- 1) Press the Windows+S key combination to display the Search box.
- 2) Type the word sticky into the Search box, then select Sticky Notes from the list of search results. A blank 'Sticky Note' will be displayed on the Desktop.

3) Start typing the text of your note at the flashing cursor. When you're finished, simply

4) Click anywhere on the Desktop to exit the 'Sticky Note' utility
